QUALITY POLICY

Morgan Marine Pty Ltd (MM) is committed to maintaining a Quality System that meets both internal requirements and external customer expectations of service, in accordance with the requirements of the International Standard for Quality Management Systems (IS09001:2008).

MM has achieved certification of the Quality System to IS09001:2008 and maintains the Safety Management System (SMS) under the ISM Code.

MM is committed to complying with all applicable statutory legislation, regulations, standards and any other requirements to which the Company subscribes.

MM shall continuously drive improvement of quality management and practices by undertaking periodical reviews and regular internal monitoring to measure, report and improve on management systems. The process of continuous improvement also incorporates marine and management competence, customer feedback and employee contribution.

Continuous training and support shall be provided to all employees to sustain and enhance the Quality System.
