

AUSTRALIAN INDUSTRY PARTICIPATION

Morgan Marine Pty Ltd (MM) is committed to providing local industry with full, fair and reasonable opportunity to be engaged by and contribute to Company operations and supporting Australian Industry Participation (AIP).
MM guidelines:

- Utilise Australian Standards in project specifications whenever possible.
- Give preference, wherever possible, to Australian labour, suppliers and contractors, and where reasonably practicable, support local communities and businesses.
- Support Indigenous employment programs through promotion of traineeships and engagement initiatives to assist in improving indigenous involvement employment in the Australian marine industry where operationally possible and reasonably practical.
- Promote and support training and skill development programs in collaboration with educational institutions.
- Foster a rigorous tendering process to include evidence of support for local industry by potential subcontractors and suppliers.
- Seek to be economically, environmentally and socially sustainable.
