

The most ergonomic backpack vacuum

Nilfisk BACKUUM™ is setting standards for comfort and efficiency for backpack vacuum cleaners. The unique and revolutionary ergonomic design increases operator mobility and makes it easier to clean confined or cluttered areas. The new BATTERY version has a running time up to 20 minutes.

Hard-to-navigate areas are no problem with this revolutionary, ergonomic vacuum cleaner. A heavy-duty motor and lightweight construction boost productivity by up to 30% compared to a traditional vacuum cleaner.

Freedom to clean wherever and whenever with the new battery version of BACKUUM™. The 100W suction delivers good cleaning performance and coupled with ease of changing the batteries, impressive productivity. With a running time up to 20 minutes and with extra battery packs the machine can be used continuously.

PRODUCT FACTS

- Low weight (4.5 kg), high cleaning efficiency
- Easy to put on and carry around, reduces back strain
- Backpack shoulder straps and hose coupling adjustable for left or right handed use
- HEPA filter versions are available for dust free environments
- Comes complete with hose, tubes and accessories (Battery Backuum comes complete with battery and charger)
