

With Nilfisk Extreme, the family can talk together or listen to music - even when efficient cleaning is going on. This machine lives up to its name the moment you switch it on - for not only is Nilfisk Extreme our most powerful vacuum cleaner, it is also quiet - in the extreme.

**QUIET, PLEASE**

Nadya Arnaout from Designworks/USA has designed Nilfisk Extreme to be durable, while at the same time making cleaning easy and ergonomically efficient. At Nilfisk we think design is important, but not for its own sake. It must have a practical purpose.

**DESIGNED TO GET THINGS DONE**

Whether you have pets, allergies, or just want a clean home, it is important to have good filtration. A HEPA tight Nilfisk Extreme machine with HEPA filter stops even the tiniest particles - animal hairs, dust mites, their droppings or even smaller nuisance dust. Dirt comes in, and clean air comes out.

**EXTRA FRIENDS - NO PROBLEM**

Nilfisk Extreme is for those who quite simply want the best. The top model features remote control, ergonomic handle and telescopic tube, exclusive accessories on-board and unique floor nozzles. Plus a 2100W motor and a HEPA filter. No wonder it's called Nilfisk Extreme.

**A WORLD OF FEATURES**

**EXTREME DUST PICK-UP  
ALLERGY FILTRATION  
EXTREMELY SILENT  
5 YEAR GUARANTEE**

**YOU CAN RELY ON NILFISK EXTREME**

You have every reason to feel confident in your choice when you buy a Nilfisk Extreme. We have made vacuum cleaners since 1906, and our machines are built to last and last. So it is no problem to give you a five-year guarantee.

**EXTREME DUST PICK-UP**

Nilfisk Extreme makes it easy to remove dirt in an extremely efficient way. A clever balance between our unique nozzles, a strong motor and a well designed construction result in market-leading dust pick-up performance.

**WORKS FOR GENERATIONS**

Dust has been sucked up in thousands of homes with Nilfisk vacuum cleaners for nearly 100 years. Nilfisk has always strived for durability, efficiency, functionality and uniqueness of design, so that the result meets the requirements of today's - and tomorrow's - consumer.
