### Family-friendly dust-eater – ideal with kids and pets in the house

Active families with kids and pets in the house are going to applaud the new Nilfisk Bravo. So what if the kids have friends over and they are nibbling biscuits all over your floor, with its XL dust bag and powerful 2000 watts suction Nilfisk Bravo gets the job done quickly and conveniently.

Nilfisk Bravo is the ideal vacuum for families with active kids and pets in the house, making everyday cleaning both quicker and smarter. Nilfisk Bravo picks up dust with an impressive suction power of 2000 watts, and an XL dust bag provides practical extra mileage between dust bag changes. A practical blow function comes in handy for inflating airbeds or removing fluff from behind radiators or other difficult to reach areas. Big as it is in terms of suction power, Nilfisk Bravo is also small and handy when it comes to practical stowing away. Folding back the telescopic tube your vacuum will fit even a small-size cupboard space.

Nilfisk Bravo comes with all the functionalities of a modern family vacuum including an effective HEPA filter preventing dust and dust mites from spreading out at the exhaust end, and a range of useful accessories all conveniently stored onboard for easy access.

### PRODUCT FACTS

- Strong suction – picks up dust at 2000 watt
- Convenient XL dust bag for extra mileage between dust bag changes
- Blow function for inflating airbeds or removing fluff from behind radiators or other difficult to reach areas
- Effective HEPA filtration. Clean air, and thus essential for beating allergies
