

### More functionality for less

Nilfisk SC400 provides you with the cleaning capacity and flexibility of a large scrubber/dryer but built into a small handy machine, easy to operate and efficient to use.

You will find it ideally suited for daily indoor scrubbing and drying in light to medium tasks such as schools, institutions, hotels, smaller supermarkets and other retail outlets.

The innovative handle is equipped with a practical LED display showing battery and water levels. Electronic flow control buttons, safety switch and on/off lever give you complete control. Easy, safe and efficient. SC400 gives you better manoeuvrability and makes it easier to clean closer to walls and other obstructions. The squeegee system, redesigned with a foot pedal lifting system instead of squeegee cables and even more resistant, makes the daily job more comfortable and effective.

Like all Nilfisk machines, it is built with your needs in mind. Outstanding ergonomics and simple, intuitive controls reduce fatigue and require a minimum of training. You can do your job more efficiently and save time and money in the process.

### PRODUCT FACTS

- 43 cm scrub deck and 21 litre tank give you the productivity of a large machine, without sacrificing manoeuvrability and ease of use
- Practical adjustable handle with LED display shows your battery and water levels. And with all working functions integrated
- Electronic water flow control, safety switch and an easy to use lever system
- Redesigned squeegee with foot pedal lifting system for your comfort
- The external deck regulation allows you to increase/decrease the traction when required thereby improving the manoeuvrability
