

Nilfisk Manual sweeper

Nilfisk SM 800

Easy way to keep indoor and outdoor areas litter-free

The SM 800 is a walk-behind sweeper. It's ideal for limited space or congested areas.

It's the quick clean-up solution for warehouses, small factories, car parks, retail stores, malls, schools, hotels, office buildings, bus/railway stations, convention centres, automotive, garages and in private homes.

The SM 800 picks up paper, leaves - even small screws, nails, bolts, cans, crown corks and cigarettes, etc off outdoor spaces as well as indoor floors.

The very rugged non corrosive frame makes this manual sweeper very robust. That combined with two main and side brooms, make this compact manual sweeper extremely efficient, 5 times faster than a traditional broom, saving time and costs. Furthermore, the hopper is very light, strong and equipped with a carrying handle for easy emptying.

The SM 800 sweeper keep your premises presentable without hard work.

Nilfisk SM 800

The handle can be adjusted to fit the operator height (3 positions)

Side brooms can individually be adjusted in 4 different positions

Main broom can be adjusted in 4 different positions without the use of tools.

Quick and easy cleaning

- Over throw system with two brooms gives excellent sweeping performance when sweeping large debris
- Large ergonomic handle with a soft grip makes the machine easy to manoeuvre
- Dual caster wheels in the front are positioned behind the side brooms and are therefore always in a clean swept area
- Large non-marking wheels makes it easy to push and extremely manoeuvrable
- Rugged corrosion proof frame
- Large 34 litre hopper
- Quick and fume-free operation
- Mechanically simple, it's virtually service free

The hopper can stay in open position so it is easy to throw big items or empty a garbage bin into the hopper

The handle can be folded without tools for storage and easy transportation

Clever handle/hopper construction keeps the hopper in place even when stored in the upright position or hung on a wall

Robust design ideal for indoor and outdoor cleaning in limited space or congested areas, such as warehouses, small factories, retail stores, schools, garages etc.

Compact sweeper - ready to use

Technical specifications

Description	Unit	SM 800
Power source		manual
Productivity rate theoretical/ actual	m ² /h	3360/1680
Working width	mm	840
Main broom length	mm	450
Main broom diameter	mm	150
Side broom diameter	mm	260
Hopper volume theoretical/actual	litre	34/18.5
Width (with side brush)	mm	762
Dimensions max (L x W x H)	cm	130x82x103
Weight	kg	16
