Superpro 700

Superpro 700 is specifically designed for Airports, Commercial Premises, Department Stores, Offices, Resorts, Schools, Showrooms, Surgeries and Theatres.

Pacvac prides itself on ensuring all products are produced to comply with the highest health and safety regulations. The Superpro 700 is manufactured in full compliance with electrical and filtration standards, being Australian and International Standard IEC 60335-2-2 and AS/NZ 3733.

The Superpro 700 is also accepted by the Carpet Rug Institute, Chiropractors' Association of Australia, Health and Safety Matters Pty Ltd and many other Occupational Health and Safety organisations. For further information on our accreditations please refer to our website at www.pacvac.com

Features:

- Ametek 1000 watt 2 stage motor.
- Clear Dome Lid – the offset inlet creates cyclonic airflow for stronger, more consistent airflow – more vacuuming power.
- Hypercone™ Activeair filtration maintains airflow from the top down to provide continuous airflow – the motor runs cooler and lasts longer. The Hypercone™ lasts over 200 hours depending on duty cycles.
- Ergonomically designed frame - new extended 'body-moulded' frame for increased comfort and anatomically correct posture – a critical OH & S factor.

- Adjustable Harness - Thicker, padded and fully adjustable to fit all body types.
- Two piece wand and combination floor tool as standard.
- Double looped cord restraint - prevents accidental disconnection of power cord.

Free:

- Crevice tool, dusting brush and upholstery tool supplied.
- Extra cloth dust bag.
- Packet of 5 paper bags.

Productivity Booster Kit

Well trained cleaners are more productive, healthier cleaners. Our Productivity Booster Kit has high OH & S compliance and ensures over 700 square metres per hour are cleaned - resulting in a tidy profit.

- On-machine Safety and Maintenance labelling.
- Graphics based Product Manual.

Available FREE on request:

- Training and maintenance DVD.
- Training Resources Pack.
- A3 Safety and Maintenance Poster.

Superpro 700 Specification:

Rated Power: 1000 watts
Voltage: 120 or 240 volts. 50/60 Hz
Motor Type: Flowthrough
Max Vacuum: 259cm or 102in.
Airflow: 571/s or 100cfm

Noise level: 74dBa
Filtration: 3 stage, 99.16% efficiency at 0.3 micron
Tank Capacity: 5 litres or 8.8 pints
Weight: 5.0kgs or 10.56lbs
Warranty: 2 years on body, 12 months on motor.
