INTRODUCTION

Rapini delivers an easy and economical way to solve a variety of storage, supply management and inventory control issues with Static and Mobile Wire Shelving Systems. Available in shelving, carts or high density in-line systems the Rapini range will maximise your floor space usage and improve your inventory supply flow.

SHELVING OPTIONS

NICKEL CHROME WIRE SHELVING

Nickel chrome wire shelving is best suited to dry areas, and in particular for sterile hospital environments, where cleanliness and freedom from dust gathering is critical. Rapini's nickel chrome wire shelves comply with hospital infection control guidelines - as per AS 4187

STAINLESS STEEL WIRE SHELVING

Stainless steel wire shelving is suitable for wet storage and high contamination areas, such as clean rooms and sterile hospital environments where cleanliness and freedom from dust gathering is critical.

STAINLESS STEEL SOLID SHELVING

Stainless steel solid shelving has unlimited applications. Stainless steel sheet construction, makes it very serviceable in all conditions.

COOL SEAL WIRE SHELVING

Zinc plated, epoxy coated wire shelving is specially designed for both wet and dry storage areas. Particular application is cool rooms, freezers, hotels, restaurants and hospital kitchens. Rapini provides a 10 year warranty against rust.
