

TAKA

F O U R

The gut-punch adrenalin of seeing a wave rise up in front of you. The smiling eyes and salty eyebrows rolling up the sail. And that last gaze out to the waves before driving home, just as the sun is setting. We love every moment of wave sailing.

Hookipa is our home beach since we started making sails in 1983, and it is there where we spend most of our time developing and testing wave sails. The Taka 4 is our latest and purest wave sail, which means it is designed for lightness and maneuverability. The Taka 4 goes effortlessly neutral due to the luffing of the 3/4 batten above the boom. A new construction design on the sails leading edge makes the Taka 4 accelerate faster

and feel more responsive than the previous Taka models.

The Taka 4's massive low-end wind range makes it ideal for wave riders who like the maneuverability of a smaller sail. And like all Ezy Sails, rigging gauges allow anyone to get the perfect downhaul and outhaul in seconds.

We meticulously cut, stick, and sew the Taka 4 in our very own factory. After sewing, we rig, calibrate the downhaul gauge, and thoroughly check every sail before we slip it in the bag.

We love wave riding, and the Taka 4 is the expression of that passion for wind, waves, and a salty smile.

Size m ²	Luff Min	Luff Max	Boom Min	Boom Max	Ezy Mast Base/Top	Base Extension
3.4	352	356	130	140	340 / 340	12 - 16 cm
3.8	367	371	133	143	340 / 370	12 - 16 cm
4.1	377	381	141	151	370 / 370	08 - 12 cm
4.5	388	392	150	160	370 / 400	04 - 08 cm
4.7	394	398	153	163	370 / 400	10 - 14 cm
5.0	400	404	158	168	370 / 400	16 - 20 cm
5.3	413	417	161	172	400 / 400	14 - 18 cm
