## Naish 2017 Starship

### Bump and Jump

Designed for early planing, thrilling straight-line speed and easy maneuvering, the Starship can do just about anything in flatwater, bump and jump conditions, or waves. Full rails with a tucked under edge provides great stability and water release, while a bevel softens chop for a smooth ride and extreme forgiveness in jibes. Remarkably versatile, the Starship delivers super smooth riding in a wide range of conditions—a sure advantage for riders looking to progress their skill level quickly.

- Flat, Fast Rocker = Early planing + balanced ride
- Beveled Rails = Smooth ride, softens chop + extremely forgiving in jibes
- Full Rails with Tucked Under Edge = Stability + water release for early planing

- Round Pin Tail = Top speed + easy to initiate carving turns
- Medium Density Footpads = Comfortable ride + excellent board feel
- Wide Point Carried Forward = Stability through jibes + effortless control
- Single Concave to Double Concave V to V Bottom = Early planing + smooth ride + easy to jibe
- Freemode Fin = Early planing + upwind performance + easy jibing
- Power Box = Ultra strong + perfect fin position

Retail: \$1,829.00
